"Two visions of darkness!"
(Closeness of the Day of the Lord!)

(Background on visions from God)

(For God speaks once, yes twice, though man pays no attention. In a dream, in a vision of the night, when deep sleep falls on men, in slumbering on the bed, then he opens the ears of men, and seals their instruction, that he may withdraw man from his purpose, and hide pride from man. He keeps back his soul from the pit, and his life from perishing by the sword.) Job 33 : 14

In the above quotation from the Holy Scripture it is said that God can speak in one way or another, i.e. as He wills, because being an omnipotent Spirit of eternal life living in heaven, He can manifest Himself from heaven or earth by giving us a sign, such as a vision while awake or in a dream.
Thus He can communicate one or more messages to us at the same time, so as to induce us to observe His Law, in keeping with His will, and with the aim of saving man from perdition through transgression of His commandments.
The manifestation of the Lord Jesus on earth for example, also understood as a real vision of the Lord, was a manifestation of God the Father from both heaven and earth. From heaven, as for example on the day of Jesus' transfiguration, with the vision of the cloud of light from which God spoke (Matthew 17:5); from earth, for example with Jesus' own transfiguration on the mountain. In fact, God the Father lives in Jesus, as Jesus himself affirmed by saying: (Believe me when I say that I am in the Father and the Father is in me; or at least believe on the evidence of the works themselves). John 14:11
God the Father can decide to communicate with us either verbally, as for example through Jesus and all the other prophets, or through visions. The purpose of the vision God gives is always to correct man from his sinful conduct, to induce him to keep His Law, to give him restraint, and to save him from eternal damnation.
The following quote from one of the proverbs makes us realise this:

(Where there is no revelation, the people cast off restraint; but one who keeps the law is blessed.) Proverbs 29 : 18

And we know that by not keeping the Law of God the Father it is not possible to enter the kingdom of heaven. The following statement of the Lord Jesus makes us understand this:

(“Not everyone who says to me, ‘Lord, Lord,’ will enter into the Kingdom of Heaven, but he who does the will of my Father who is in heaven.) Matthew 7 : 21

Three examples of waking visions by the Spirit of God

(Vision received by Moses)

(Yahweh’s angel appeared to him in a flame of fire out of the middle of a bush. He looked, and behold, the bush burned with fire, and the bush was not consumed.) Exodus 3 : 2

The appearance of the Lord to Moses in a flame of fire, in a bush that was not consumed, is a true vision of how God can manifest his glory in the reality around us.

(Vision of the transfiguration of Jesus)

(After six days, Jesus took with him Peter, James, and John his brother, and brought them up into a high mountain by themselves. He was changed before them. His face shone like the sun, and his garments became as white as the light. Behold, Moses and Elijah appeared to them talking with him. Peter answered and said to Jesus, “Lord, it is good for us to be here. If you want, let’s make three tents here: one for you, one for Moses, and one for Elijah.” While he was still speaking, behold, a bright cloud overshadowed them. Behold, a voice came out of the cloud, saying, “This is my beloved Son, in whom I am well pleased. Listen to him.”) Matthew 17 : 1

The transfiguration of Jesus, the appearance of Moses and Elijah, and the cloud of light are three visions, if not four in one, of the glory of God when awake. Jesus, in being transfigured, gave the disciples a vision similar to the vision of God given to Moses, having become at that moment a glorious Being similar to the Heavenly Father.
The vision of the cloud of light, on the other hand, is comparable to the vision of the dark cloud from which God spoke to Moses at the time of the exodus of the Israelites; Exodus 20:21

(Vision of the Apostles on the Day of Pentecost)

(Now when the day of Pentecost had come, they were all with one accord in one place.)
Acts of the Apostles 2 : 1

On the day of Pentecost, the vision consists of the appearance of "tongues as of fire", i.e., resembling fire, therefore not real fire, otherwise they would have written ‘tongues of fire’.
These ‘tongues as of fire’ can be compared to the fire that burned in God's appearance to Moses, a spiritual fire, not a real one. In fact the bush was not consumed, as mentioned earlier for the vision received by Moses.

Two examples of dream visions by the Spirit of God
Foreword:
Dream vision is another channel that the Lord uses to communicate with us. Sometimes He prefers it to waking vision, for reasons that we may not understand, but certainly to test our faith and to demonstrate
His glory in being able to communicate to our mind, without man being able to see the vision in the physical world around him, but in our mind, thus in a place not visible to our 'material' eyes, but to our 'spiritual' ones, which we use, for example, when we visualise in our mind, while awake, a material object. The Lord, with a vision in a dream, can visualise anything he wants to us, as in the reality around us, demonstrating his omnipotence as an invisible Spirit living in the body of man, since man is the 'Temple of the Living God'.
Two examples of visions in the dream follow:

(Vision of an angel received by Joseph, husband of Mary)

(Now when they had departed, behold, an angel of the Lord appeared to Joseph in a dream, saying, "Arise and take the young child and his mother, and flee into Egypt, and stay there until I tell you, for Herod will seek the young child to destroy him.") Matthew 2 : 13

Also in the case of Joseph, the vision of the Angel is similar to the vision of Moses mentioned earlier, which the Lord gave him in a dream to communicate His message, even of extreme importance, since it was the protection of Jesus from certain death at the hands of Herod. In fact, Jesus was saved because of that dream. This makes us realise that for the Lord, visions in dreams are an excellent channel of communication with man.

(Vision of the Pharaoh of Egypt)

(Pharaoh spoke to Joseph, “In my dream, behold, I stood on the brink of the river; and behold, seven fat and sleek cattle came up out of the river. They fed in the marsh grass; and behold, seven other cattle came up after them, poor and very ugly and thin, such as I never saw in all the land of Egypt for ugliness. The thin and ugly cattle ate up the first seven fat cattle; and when they had eaten them up, it couldn’t be known that they had eaten them, but they were still ugly, as at the beginning. So I awoke. I saw in my dream, and behold, seven heads of grain came up on one stalk, full and good; and behold, seven heads of grain, withered, thin, and blasted with the east wind, sprung up after them. The thin heads of grain swallowed up the seven good heads of grain. I told it to the magicians, but there was no one who could explain it to me.” Joseph said to Pharaoh, “The dream of Pharaoh is one. What God is about to do he has declared to Pharaoh. The seven good cattle are seven years; and the seven good heads of grain are seven years. The dream is one. The seven thin and ugly cattle that came up after them are seven years, and also the seven empty heads of grain blasted with the east wind; they will be seven years of famine. That is the thing which I have spoken to Pharaoh.
God has shown Pharaoh what he is about to do. Behold, seven years of great plenty throughout all the land of Egypt are coming. Seven years of famine will arise after them, and all the plenty will be forgotten in the land of Egypt. The famine will consume the land, and the plenty will not be known in the land by reason of that famine which follows; for it will be very grievous. The dream was doubled to Pharaoh, because the thing is established by God, and God will shortly bring it to pass.) Genesis 41 : 17

Even with the pharaoh's dream twice in the same night, with two very similar dreams with the same meaning, the Lord wanted to communicate a future event, which then came true, as Joseph had predicted with his interpretation of the dream. Even Joseph makes us realise that if a vision is given to us twice, even if in two different visions but with the same meaning, it means that the future event is certain, because the second vision confirms the will of the Lord manifested with the first. The fact that we receive two visions with the same meaning also makes us realise that the Lord has a certain haste to fulfil the foretold event, hence its imminence.

Vision of darkness in the dream received from my mother; year 2013 approx.

(My mum dreams of going to the church of the Holy Cross by day, and just before arriving at the church it suddenly gets dark).

Interpretation of this first vision of darkness

We can clearly see that this vision of darkness refers to a church and also to the Holy Cross, and therefore, to the Lord Jesus. This means that the vision is linked to some will of the Lord.
Knowing the Holy Scripture and considering the times we live in and also Jesus' prophecies about the end times fulfilled in the past, it is not difficult to understand what the Lord is telling us. The vision of darkness refers to the future darkening of the sun prophesied by Jesus. At the end of the document is the part of the prophecy of the Lord Jesus that is to be fulfilled shortly before his coming, related to the vision of darkness.

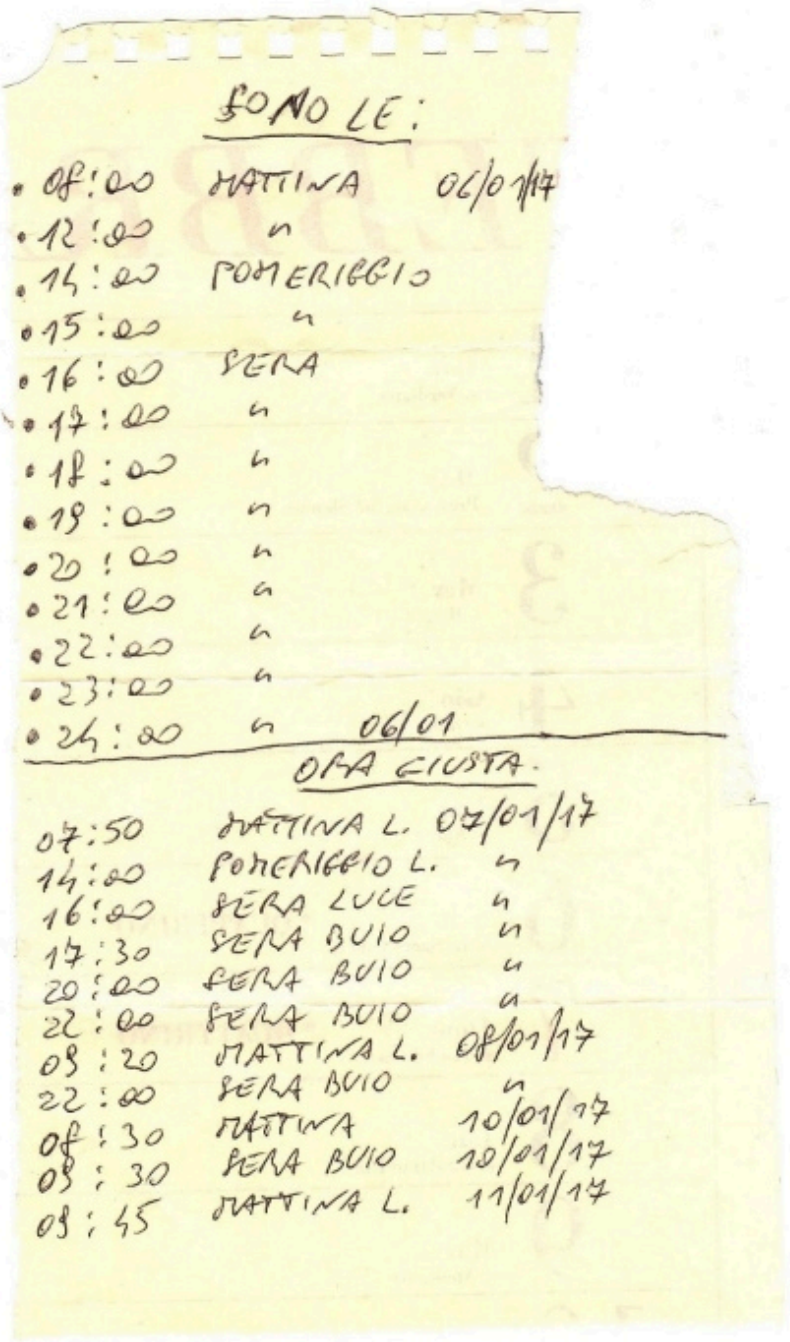

A vision of darkness in broad daylight, while awake, received by me

(On the day of the vision, 6th January 2017, when I got up at around 8:00 a.m., I went to open the doors and shutters of the door in the kitchen to look out and let the light in, but I saw that it was dark. I did not see sunlight but darkness, as if it were night. I knew immediately that something strange was going on.
I phoned my brother to tell him that it was dark, that the sun had not risen, to see what he would say to me, but he could not give me an answer. He could not tell me whether there was light or darkness.
He was justifiably upset, and he should have clarified the situation with me. However, it must be that the devil did not allow him to speak clearly, manifesting his invisible action to counteract the Lord's action through vision, or perhaps my brother did not want to cause me serious upset, realising that it was too abnormal.
Afterwards I decided to go for a drive, but when I got outside, my heart started beating fast, I started the car but my heart was beating so fast that I had the impression it was going to explode. I thought I was going to die. I got out of the car immediately, went back inside the house and my heartbeat slowed down.
It is normal for a person to have some kind of reaction to seeing the darkness of the night during the day.
Afterwards I decided to write down the passing hours on a piece of paper, to see when I would see the light again. I saw sunlight again at 07:50 a.m. on 7th January 2017, so the next day, when 24 hours earlier I had begun to see darkness.
I should mention that I do not drink alcohol or smoke. If I tasted one or two fingers of wine in the glass it was purely for tasting, which could not make me so drunk that I saw darkness instead of sunlight. Besides, how could I think of drunkenly noting down the hours that passed, with the lucidity that shines through in the document I have kept?).

(Some notes written at the time)
(The sheet is attached on the next page)

In this sheet, the hours noted in the first part are all the hours of darkness I saw on 6th January 2017, after which I wanted to note down the hours of light and darkness for another five days to see how normal the days were.
To these hours of darkness on 6th January 2017 those before 8:00 a.m. and those after midnight must be added. I practically did not see sunlight on that day.
The phrase 'Right time' does not mean that the previous hours were wrong because all the hours written were taken from the same mobile phone, without having made any changes to the clock.

This is followed by the annotated hours sheet:

SONO LE	IT IS

Interpretation of this second vision of darkness

Also in this vision we can see that there is a connection with the Lord, for the following two reasons:

1) The vision was given to us on 6th January 2017, thus on the Epiphany of Our Lord. We know that Epiphany is the manifestation of God on earth through his Son Jesus, with his first coming. So the vision is related to the manifestation of the Lord Jesus on earth.

The question is this:

Is it not the case that the Lord with the vision of darkness is referring to some future manifestation of himself, comparable to his first coming to earth? What future manifestation of the Lord can we expect other than that of the second coming of the Lord Jesus, prophesied by Him, for those who believe in the Holy Scripture?

2) The other link with the Lord that makes us realise that the vision comes from Him is the following:

From the duration of the vision, that is, for all the hours of light that day, we can understand very well what love the Lord had for me.

The reason lies in the fact that if the vision had been of a shorter duration, the Lord would have had to make me see the sunlight again suddenly, to cover the missing hours of light for the completion of the day's daylight hours, causing an almost certain reaction in me, namely immediate death. On the other hand, the Lord, in his great wisdom and knowledge, protected me by letting me see the light again the next day, when I woke up, as I always did, having followed the passing hours, thus always going to sleep at the same time.

The question is this:
How come inside the house the heart did not have this reaction even though it was dark outside?

The answer I give is this:
If I went for a drive, I would have asked someone: "Excuse me, how come it's dark today?" and perhaps received the following answer: "Have you lost your mind? Can't you see how sunny it is?".
This response would probably have resulted in my immediate death, or the immediate death of the other if I had insisted on darkness, or certainly a strong disturbance in both.
The other consequence for the other person, due to this answer he might have given me, would have been very heavy, namely condemnation to hell, according to the following statement of the Lord Jesus:

(“You have heard that it was said to the ancient ones, ‘You shall not murder;’ and ‘Whoever murders will be in danger of the judgment.’ But I tell you that everyone who is angry with his brother without a cause will be in danger of the judgment. Whoever says to his brother, ‘Raca!’ will be in danger of the council. Whoever says, ‘You fool!’ will be in danger of the fire of Gehenna.) Matthew 5 : 21

That man's only anchor of salvation would have been an act of mercy from the Lord God, according to the following word given to Moses:

(Yahweh said to Moses, “I will do this thing also that you have spoken; for you have found favor in my sight, and I know you by name.” Moses said, “Please show me your glory.” He said, “I will make all my goodness pass before you, and will proclaim Yahweh’s name before you. I will be gracious to whom I will be gracious, and will show mercy on whom I will show mercy.”) Exodus 33 : 17

But who can guarantee that the Lord would have mercy on that man? In fact, mercy is not for everyone, as the above quotation makes clear, especially if one is in such a sinful condition of life that the scales tip on the side of condemnation. It is normal that the more sins a man accumulates, the more difficult it will be to obtain an act of God's mercy, especially if the sins are grave.
So the LORD, out of his great love, provided in advance to prevent this.

Prophecy of the Lord Jesus on the darkening of the sun at the end of time

(For as the lightning flashes from the east, and is seen even to the west, so will the coming of the Son of Man be. For wherever the carcass is, that is where the vultures gather together. “But immediately after the suffering of those days, the sun will be darkened, the moon will not give its light, the stars will fall from the sky, and the powers of the heavens will be shaken; and then the sign of the Son of Man will appear in the sky. Then all the tribes of the earth will mourn, and they will see the Son of Man coming on the clouds of the sky with power and great glory.) Matthew 24 : 27

From the interpretation of the two visions received, we can recognise that this is a clear reminder from the Lord that the day of judgement for us men is coming.
These two visions of darkness refer to the darkening of the sun just before the manifestation of the Lord Jesus from heaven, immediately after the tribulation He prophesied, which we can recognise in the series of dramatic events that occurred in the last century: wars, strong earthquakes, powerful floods, severe epidemics, etc.
The fact that we received two visions with the same meaning in the family, albeit from different people and with different channels of communication. This confirms that the event is certain and will be fulfilled soon, just as Joseph rightly made us realise for the pharaoh's dream.
The fact that both my mother and I received a vision confirms the following gospel prophecy:

('It will be in the last days, says God, that I will pour out my Spirit on all flesh. Your sons and your daughters will prophesy. Your young men will see visions. Your old men will dream dreams. Yes, and on my servants and on my handmaidens in those days, I will pour out my Spirit, and they will prophesy. I will show wonders in the sky above, and signs on the earth beneath: blood, and fire, and billows of smoke. The sun will be turned into darkness, and the moon into blood, before the great and glorious day of the Lord comes.)
Acts of the Apostles 2 : 17

In fact, my vision happened at the age of 39, so as a young person, while my mum's vision happened at the age of about 75, so as an old woman, and it was a dream as the prophecy just stated.
The vision I received during the day can be seen as a prodigy up there in heaven, but also as a sign down here on earth, as the prophecy stated earlier. Up there in the sky because I saw the sky as dark. Down here on earth because the darkness I was seeing was not only in the sky, but also close to me, so on earth, as is also the case when there is sunlight, letting it into the house.
And then, my beating heart was also a clear sign on earth of the Spirit of God in my body, so that I would not suffer the consequences mentioned earlier; in fact inside the house my heartbeat was normal.
From all this, we can well understand that the times we live in are those of the last days, just before the end of the world or the wrath of God.
For reasons of discernment, the study of Holy Scripture and the evil action of the devil in our lives, which always counteracts the Lord's action on our behalf, it was not possible to communicate these visions earlier. The Lord, however, recognises all these things and will surely be patient for the time necessary for the repentance of as many men as possible, so that he may fulfil his following prophecy:

(See, I will send the prophet Elijah to you before that great and dreadful day of the Lord comes. He will turn the hearts of the parents to their children, and the hearts of the children to their parents; or else I will come and strike the land with total destruction). Malachi 4 : 5

The Messenger of God
